

Type of container

40' Flat Rack

Details

- heavy duty base construction
- designed to carry heavy cargo usually out of gauge (length, width or height)
- the two end walls can be either fixed or folding
- flush folding designs allow the flat rack to be used as a Platform
- in contrast to a Platform, loaded Flats can be stacked on top of each other
- they can be loaded from the top or the side
- folded Flat Racks can be bundled to reduce empty positioning costs
