

40' High Cube Dry Van

Details

- opens at the rear and has two leaf doors
- suitable for transport and storage
- primarily used to transport general cargo and most suitable for unit loads
- often referred to as general purpose as they are able to carry most goods
- approximately 30 cm higher than normal Dry Van Containers
- specifically designed for light and bulky cargo
- attention must be paid to any height restrictions such as bridge and tunnel height when using road or rail
- may require the need to use a special chassis or wagon
